Objective

Motivated and enthusiastic Computer Engineering student seeking an entry-level opportunity to apply and strengthen my skills in UI/UX design, frontend development, Python, cybersecurity. Passionate about building secure, user-friendly, and innovative technology solutions through real-world projects and continuous learning. Eager to contribute technical skills, creativity, teamwork, and adaptability to a dynamic organization while growing as a technology professional.

Education

2023 – 2027	B.E Computer Science and Engineering, Dhanalakshmi Srinivasan College of Engineering and Technology
2022 – 2023	Government Higher Secondary School

Projects

Aug/2025 – Aug/2025	Gamified Learning Platform (UI/UX Prototype – SIH) Designed the UI/UX prototype for a gamified learning platform to improve student engagement in rural education. Focused on multilingual support, offline accessibility, and a teacher dashboard for tracking student progress.
Aug/2025 – Aug/2025	Aqua Meta (UI Prototype – Tech Expo) Designed the UI prototype for Aqua Meta, a solution supporting fishermen, students, and researchers. Focused on creating a user-friendly and accessible interface, and presented the prototype at the college Tech Expo.

Products

Oct/2025 – Jan/2026	Emergency SOS Band Developed an Emergency SOS Band to provide instant emergency alerts with GPS location sharing and fall detection. Presented the project at IKMC 2025 – Tech Showcase as part of the BELIEF & OpenOrbit 100 Days Challenge.
Feb/2026 – Apr/2026	Automatic Disc Lock System Designed an Automatic Disc Lock System prototype for motorcycle anti-theft security. Developed actuator-based locking logic with ignition-based automation for real-time operation.

Professional Experience

Dec/2025 – Dec/2026	Help Desk Intern Provided technical support by troubleshooting and resolving IT-related issues while gaining hands-on experience in help desk operation.
Dec/2025 – Apr/2026	R&D Team Member (Product Development) Worked on product prototypes, including the Emergency SOS Band and Automatic Disc Lock System, contributing to system design and software logic.

Certificates

- Oracle AI Foundations - Oracle
- Internet of Things (Elite) – NPTEL
- Virtual Internship – Help Desk

Achievements

1st Place in The King's Design event at XPLORE'24 National-Level Technical Symposium, Loyola-ICAM
Participated in PIXEL-UX at IOTRIX'25 National Level Technical Symposium, Sri Sairam Engineering College.
NCC Ex-Cadet ('A' Certificate) | NSS Volunteer | IIC Member
